INDEPENDENT AUDITOR'S REPORT

Board of Directors Direct Relief International Santa Barbara, California

We have audited the accompanying statement of financial position of Direct Relief International (a non-profit organization) as of March 31, 2007, and the related statements of activities, changes in net assets, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of Direct Relief International as of March 31, 2006, were audited by other auditors whose report dated June 21, 2006, expressed an unqualified opinion on those statements. Information for the year ended March 31, 2006, is presented for comparative purposes only and was extracted from the financial statements for that year.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Direct Relief International as of March 31, 2007, and the changes in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

Note 1: Summary of Significant Accounting Policies

Organization and Basis of Presentation:

Direct Relief International (the Organization), a California non-profit public benefit corporation, was founded in 1948.

The Organization's program services consist of providing essential pharmaceuticals, medical supplies and medical equipment on a humanitarian basis to support health services in medically underserved communities around the world. In the United States the Organization's activities focus on the delivery of donated medicines and supplies to uninsured patients through support of nonprofit clinics and health centers treating low-income patients. In Santa Barbara and surrounding communities the Organization conducts programs dedicated to improving the oral health of low-income children and enhancing disaster preparedness efforts. Under agreements with local emergency response authorities, the Organization's medical inventories are available on an as-needed basis in the event of a health emergency.

The medical material resources provided as part of the Organization's assistance program are either purchased or received by donation from pharmaceutical and medical supplies manufacturers, wholesalers, and other organizations involved in the health care industry.

Revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets — Net assets that are not subject to any donor-imposed restrictions.

Temporarily restricted net assets — Net assets subject to donor-imposed restrictions on their use that may be met either by actions of the Organization or the passage of time.

Permanently restricted net assets — Net assets subject to donor-imposed or other legal restrictions requiring that the principal be maintained permanently by the Organization.

To present comparative financial statements, the Organization has included summarized comparative information for the twelve-month period ending on March 31, 2006.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the financial statements. Actual results could differ from management's estimates.

Cash Equivalents:

The Organization considers all highly liquid investments purchased with an average maturity of three months or less to be cash equivalents. Cash equivalents, consisting of money market mutual funds and checking account balances, were valued at \$3.177 million and \$7.874 million as of March 31, 2007 and 2006, respectively.

NOTES TO FINANCIAL STATEMENTS

Fair Values of Financial Instruments:

Various methods and assumptions were used to estimate the fair value of each class of financial instruments. Cash and cash equivalents are valued at their carrying amount due to their short maturities. Investments are reported at fair value based on quoted market prices or, in the case of alternative investments, at values provided by the fund managers or general partners based on quoted market prices, if available, or other valuation methods.

The estimated fair values of the Organization's financial instruments were as follows at March 31, 2007 and 2006 (in thousands):

	2		2006				
	Carrying amount	. <u> </u>	Fair value	Carrying amount		Fair value	
Assets				- 0- 4		- 0-4	
Cash and cash equivalents Investments	\$ 3,177	\$	3,177	\$ 7,874	\$	7,874	
Current Non current	43,997		43,997	9,360		9,360	
	13,777		15,777	7,500		7,300	
Liabilities Current debt	1,467		1,467	52		52	
Non current debt	1,407		1,407	1,467		1,467	

The carrying value of all other financial instruments approximates fair value.

Investments:

Investments are reported at fair value. The separately managed Board Restricted Investment Fund accumulates portfolio income and realized gains and losses on security transactions which are available to meet current expenses to the extent approved by the Board of Directors. Amounts annually available for expenditure are based on the Board of Directors approved distribution rate, currently five percent (5%) of Fund's portfolio assets.

Inventory:

Purchased inventory is carried at cost. Donated inventory is carried at estimated wholesale value as of the date of receipt. Inventory balances as of March 31, 2007 and 2006 were composed of the following (in thousands):

	2007	2006
Pharmaceuticals	\$ 74,406	\$ 18,870
Medical supplies	6,453	4,726
Equipment	788	614
Total inventory	\$ 81,647	\$ 24,210

NOTES TO FINANCIAL STATEMENTS

Land, Buildings and Other Property:

Property and equipment purchased are recorded at cost. Donated assets are capitalized at the estimated fair value on date of receipt. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Class of property	Estimated useful life
Buildings	40
Building improvements	20
Equipment and software	3-10

Revenue Recognition:

Contributions, which include unconditional promises to give (pledges), are recognized as revenues in the period received or promised. Conditional contributions are recorded when the conditions have been met. Contributions are considered to be unrestricted unless specifically restricted by the donor.

The Organization reports contributions in the temporarily or permanently restricted net asset class if they are received with donor-imposed restrictions as to their use. When the restriction expires - the time restriction ends or purpose of restriction is accomplished - temporarily restricted net assets are released and reclassified to unrestricted net assets in the statement of activities. Donor-restricted contributions are initially reported in the temporarily restricted net asset class, even if it is anticipated that such restrictions will be met in the current reporting period.

Program service revenues are generally recognized upon delivery of the product or service to the recipient.

Contributed Materials and Services:

Contributions of pharmaceutical and medical supplies are recorded at estimated wholesale value on the date received, based on published wholesale price indexes for pharmaceuticals and medical supplies. Contributions of medical equipment are recorded at estimated wholesale value based upon wholesale price guides or, when necessary, judgmentally determined.

Donated shipping is valued at full published rates in effect at the time of shipment. Contributed services are reported at fair value in the financial statements for voluntary donations of services when those services (1) create or enhance non-financial assets or (2) require specialized skills provided by individuals possessing those skills and are services which would be typically purchased if not provided by donation.

NOTES TO FINANCIAL STATEMENTS

The Organization recorded the following revenues for the years ended March 31, 2007 and 2006 (in thousands):

	2007	2006
Donated pharmaceuticals, supplies, and equipment	\$ 200,645	\$ 120,996
Donated shipping	889	517
Donated goods	128	-
Donated services	161	10
Total donated goods and services	\$ 201,823	\$ 121,523

Valuation of Future Interests:

The Organization serves as trustee of a unitrust, of which it is the charitable beneficiary. The Organization is also the beneficiary of a charitable gift annuity. The future interests in the gift annuity and unitrust are recorded as assets and valued at fair value on the date of each gift. Investments in the trust and in the gift annuity are adjusted to market value at the end of each year. The present value of the total estimated future distributions to the donors on the date of each gift is recorded as a liability.

Income Taxes:

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and State of California Revenue and Taxation Code Section 23701(d); therefore, no provision for income taxes is required.

Note 2: Contributions Receivable

As of March 31, 2007, and 2006, the Organization had recorded contributions receivable of \$111 thousand and \$141 thousand respectively. The balance is primarily composed of an estate receivable waiting on final tax clearance letters.

Note 3: Investments

The Organization has adopted SFAS No. 124, "Accounting for Certain Investments Held by Not-for-Profit Organizations". This statement requires that nonprofit organizations record investments at fair market value in the statements of financial position. Investment holdings as of March 31, 2007, and 2006 are composed of the following (in thousands):

	2007					2006				
		Cost	_	Market			Cost	_	Market	
Equity Securities	\$	26,164	\$	26,085	\$	\$	6,470	\$	7,521

Permanently restricted net assets consisted of endowed contributions, the income from which is available to fund the following at March 31, 2007 and 2006 (in thousands):

	2007	2006
General operations	\$ 25	\$ 25
Total unrestricted net assets	\$ 25	\$ 25

Donor-restricted endowment gifts shall be invested and accounted for according to the terms of the specific gift(s) and/or the provisions of California Probate Code sections 18500-18509 (Uniform Management of Institutional Funds Act).

Note 7: Board Restricted Investment Fund

In 1998, the Organization established a board-designated investment fund (formerly known as the "Quasi-Endowment Fund"). The purpose of the fund was to provide a reserve for future operations. The Fund's resources come from board-designated unrestricted bequests and gifts, return on the Fund's portfolio assets and operating surpluses (measured annually) in excess of current operational needs.

NOTES TO FINANCIAL STATEMENTS

The Fund is currently authorized to distribute up to five percent (5%) of the average market value (measured January 1 for the three preceding years) of the Fund's portfolio assets to support general operations. Distributions in excess of five (5%) require a 75% vote of the Board of Directors. No distributions were made during the twelve month periods ending March 31, 2007 and March 31, 2006.

For the twelve month periods ending March 31, 2007 and 2006, the fund recorded the following activity (in thousands):

	2007	2006
Board designated bequests and donations	\$ 32,813	\$ 243
Dividends and interest	1,021	617
Funds transferred in/(out)	324	689
Realized gains	1,188	56
Unrealized gains	(707)	590
Change in value – split interest agreements	53	7
Expenses	(50)	(11)
Total	\$ 34,642	\$ 2,191

The Fund incurred expenses of \$50 thousand and \$11 thousand, respectively, during the twelve month periods ending March 31, 2007 and 2006.

Note 8: Pension Expense

The Organization established the Direct Relief International 401(k) Plan (the Plan) on January 1, 2004. Employees of the Organization are eligible to participate upon hire and are vested 100% percent in all contributions to the Plan. The Organization matches every dollar contributed, up to five (5) percent of the employee's annual compensation, subject to Board approval.

Prior to 2004, the Organization maintained a tax deferred annuity plan established under Internal Revenue Code section 403(b).

The Organizations contributions to the various pension plans amounted to \$96 thousand and \$60 thousand respectively, for the twelve months ended March 31, 2007 and 2006.

Note 9: Non-Qualified Deferred Compensation Agreement

The Organization is party to a non-qualified deferred compensation agreement with the surviving spouse of a co-founder of the Organization. Under the terms of the agreement, beginning January 1, 1971, the Organization is obligated to make monthly payments in acknowledgement of his 23 years of service. The retirement agreement expense for the twelve months ended March 31, 2007 and 2006, was \$10 thousand in each period.

NOTES TO FINANCIAL STATEMENTS

Note 10: Concentrations of Credit Risk

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of bank and brokerage deposits. The Organization places its temporary cash investments with financial institutions and brokerages. For the twelve months ended March 31, 2007, the Organization was at risk for \$1.14 million in cash deposited at individual financial institutions. The Federal Deposit Insurance Corporation (FDIC) insures individual deposits up to \$100 thousand. In addition, the Organization's investments are exposed to various risks, such as interest rate fluctuations and market valuations. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the Organization's statement of financial position and the statement of activities.

Note 11: Concentrations of Income Risk

The Organization received 79% of its current year cash contributions in the form of a bequest from a single donor and 50% of its current year in-kind contributions from four corporate donors.

Note 12: Related Party Transactions

On July 21, 2005, in response to a significant increase in product donations, the Organization signed a sublease with Global Brand Marketing, Inc. to acquire an additional 23,043 square feet of storage space located directly across the street from the main facility. The terms of the lease call for an initial monthly base rent of \$23 thousand with a provision for periodic index-based adjustments. The lease term is twenty nine months, beginning August 1, 2005 and ending December 31, 2007. Total monthly base rents due during the term of the lease are \$668 thousand. Payments made in the fiscal year ending March 31, 2007, totaled \$277 thousand and nothing was due and payable at year end. The founder of GBMI is a director of the Organization.

For the fiscal year ending March 31, 2007, fees totaling \$14 thousand were paid to the law firm of Hatch and Parent for legal services relating to the incorporation of the Direct Relief Foundation. Since then, the Organization has engaged Hatch and Parent to provide on-going legal services on a pro-bono basis. Stanley Hatch, the Organization's Chairman of the Board, became "of counsel" and discontinued his status as a member of the Hatch and Parent firm in January 2001 and as of that date divested himself of all his financial ownership interest in the firm.

Note 13: Leases

The Organization is subleasing 23,043 square feet of storage space located at 30 S. La Patera Lane at a cost of \$1/square foot. The terms of this agreement end on December 31, 2007. Payments for the fiscal year ending March 31, 2007 totaled \$277 thousand. Payments under this agreement for the fiscal year ending March 31, 2008 are anticipated to be \$207 thousand. The Organization has leased the property directly with the owner, Daketta Pacific, effective January 1, 2008.

NOTES TO FINANCIAL STATEMENTS

The Organization is also leasing three Kyocera photocopiers used in operations. Leased property having elements of ownership are recorded as capital leases in the Statement of Financial Position. The related obligations, in amounts equal to the present value of the minimum lease payments payable during the remaining term of the lease, are recorded in the general long-term debt account group. Total payments on such leases for the fiscal year ending March 31, 2007 were \$5 thousand.

The cost of assets under capital leases totaled \$21 thousand and accumulated depreciation of these assets was \$4 thousand as of March 31, 2007. Depreciation expense was \$3 thousand for March 31, 2007. Amortization of assets held under capital leases is included with depreciation expense.

As of March 31, 2007, the Organization had future minimum payments under capital lease as follow for the years ending March 31 (in thousands):

2008	\$ 5
2009	5
2010	5
2011	4
Thereafter	
Subtotal	\$ 19
Less interest	(2)
Total principal due	<u>\$ 17</u>

Note 14: Formation of Supporting Foundation

In October 2006, Direct Relief Foundation was formed and incorporated in the state of California. The Foundation is organized and shall be operated solely and exclusively for the benefit of, to support, or to carry out the purposes of Direct Relief International. The Foundation shall not, except to an insubstantial degree, carry on or engage in any activities or exercise any powers that are not in furtherance of the purposes of this organization.
